Karl-Heinz Wyrwoll - School of Earth and Geographical Sciences, The University of Western Australia

Jason Held - Saber Astronautics, LLC.

Anthony de Groot - Immersive Technologies, Inc.

For AMEC conferences, the following review process is used to ensure the highest level of academic quality. Each full paper submission is peer-reviewed by a minimum of two separate reviewers from the Program Committee/Additional Reviewers list. The review results are then compiled. If there is a conflict in reviews, the paper is sent to a third reviewer.
