UNIVERSITY OF SYDNEY – FACULTY OF ENGINEERING – JULY 12TH – 14TH 2002

"Exploring the Red Planet"

The Australian Mars Exploration Conference will bring together engineers, scientists and all those with an interest in Mars exploration, research and science from around Australia and overseas.

Keynote speakers will include:

Apollo 17 Astronaut – **Dr Harrison Schmitt** - University of Wisconsin
Professor Rod Boswell - Space Plasma & Plasma Processing – ANU + more!

Conference tracks will include:

Australian & International Mars
Analogue Research

Understanding the Martian
Environment

Robotics & Engineering
Mars – The Human Factor

Mars Society Australia's exciting
Technical Projects

Undergraduate Prize for Best Paper Submission

A **\$300** prize will be awarded to the best undergraduate paper submitted to AMEC2002 on a topic that has potential or direct application to future human missions to Mars. The winner will be invited to attend AMEC2002 and will have their award presented by Dr Harrison Schmitt. Papers should be between 2,500 and 5,000 words long and will be reviewed by our eminent panel. More details can be found at www.marsociety.org.au

Entries close **12th June 2002** – So don't delay!

AMEC2002 is proudly sponsored by:
